Manuscript Submission (4 page papers)

Accepted papers MUST be presented by one of the authors in person, at the conference site, and according to the final schedule. Any paper accepted into the technical program but not presented on-site will be listed on the EMBS no show author list, in which their paper will not be published and the corresponding author will not be able to submit another paper to an EMBS conference for the next 2 years. For more information on the EMBS Author No Show policy, click here.

An author can be the corresponding author of at most two paper submissions. All 4 page paper submissions require a $25 paper deposit fee in order to be able to submit your initial paper. The paper deposit fee is non-refundable and non-transferrable. The first $25 paper deposit will be credited towards your full conference registration, once an author’s paper is accepted.

1. All authors (corresponding & co-authors) must have a PIN number from the paper submission site Papercept. You will need this information for your initial paper submission. If all authors already have a pin, please proceed to step 2, otherwise click here to obtain a new author pin number for any authors who do not have one.

   *You are able to search for an author’s pin number within papercept, by clicking link above and selecting “Find your own or someone else's PIN”. To create a new pin number (if an author does not already have an existing one in Papercept), then click the option to “Register a new PIN”.

   Use this wizard to

   Find your own or someone else’s PIN
   Retrieve your password
   if you have a PIN but no password
   Register a new PIN
   if you never obtained a PIN before
   Update your personal information

2. Once you have your author pin, please click here to pay your $25 paper deposit fee(s).

   *Please make sure that the author that purchases the paper deposit(s) is the same as the author, who is designated as the "Corresponding author", during submission. If this is not done, the system will provide an error of insufficient credit when trying to upload the paper.
3. Scroll down to BHI conference line and click “Register for HIC-POCT 2014” and log in with the corresponding authors pin and password on the next page.

4. On the next page, scroll down to the link for “Connect to the Registration System”.

5. Follow the registration steps and select the number of paper deposits you will be paying for (up to 2 papers are permitted per corresponding author). Once the paper deposit registration is completed, allow 5 minutes for the two systems to sync, and then proceed with step 6 to submit your paper.

6. To submit your paper, click here and scroll down to select the option to “Submit a contribution to HIC POCT 2014”.

7. Select the link to submit for a Contributed Paper and follow the instructions according to the website.

First submissions | Contributed Paper | January 2, 2014 | April 10, 2014 | Closed

* HIC-POCT 2014 subscribes to the PaperCept Compliant PDF Creation service. Simply upload the Word or LaTeX source file of your submission and the service converts it to compliant pdf. Be sure to use the Word template or LaTeX style file provided by the conference and follow the conference instructions concerning paper size, number of pages and page margins. See the Support section.
